Police Chief Leon Guthrie and his officers will be on hand to see the cars are parked in an orderly manner that people may come and go from the carnival at any time during the evening.

Groups needing any help in booth construction are asked to contact any member of the booth committee: Loren O'Neal, William Plumer, Lewis Friend and V. L. Geiger, or for assistance in special lighting, see members of the lighting committee: Curtis Chase, Mrs. Ellis (continued on page 8).

Several circle projects, including the Port Mayaca Cemetery beautification program, were discussed. It was reported that the rank growth of vegetation growing on the landside of the Lake Okechobee levee in the Canal Point area has been mowed by the U. S. Little Blue Devils Romped On By Tigers

The Pahokee Junior High baby Blue Devils are receiving some rough treatment from Tigers this month. Following their 13-34 whipping by the Stuart Junior Tigers a week ago Tuesday night, they took a worse clanging on Lair Field last Tuesday night when a well-trained Clewiston Junior Tiger team ran over them, 39-7.

The Junior Blue Devils must be beginning to see Tigers in their dreams, as they go to Stuart next Tuesday night for another engagement with the Stuart Junior Tigers. On Nov. 9 they will travel to Belle Glade for the last game on their schedule.

Pahokee Cub Work To Be Reactivated

Preliminary work for the reactivation of the cub scout program in Pahokee is progressing rapidly under the direction of Mrs. E. J. Graham who reports two cubmasters, 10 den dads and 11 den mothers have to date volunteered to serve in the cub scouting program.

A 10 by 30-foot building, located near the Lake Okechobee levee at the rear of the Graham residence, 134 Bacon Point Rd., has been donated and deeded to the Pahokee Cub Scout Pack. This building is in need of new roofing material and concrete flooring, estimated to cost \$55, before it can be used as a scout hut, according to Mrs. Graham. The Pahokee Parent-Teacher Association, sponsor of the local cub scouts, has contributed \$30 for the concrete floor.

Approximately 40 boys, from 7 to 11 years old, who plan to participate in the local cub scout program this season, are busy with hoed, rakes and other tools necessary for cleaning the grounds surrounding the scout hut.

The Pahokee den mothers attended a special den mothers training class at the Belle Glade Methodist Church Saturday afternoon with George King, assistant commissioner of the South Glades District of Boy Scouts, acting as instructor. This was the first of two classroom sessions for den mothers planned by Mr. King, who is being assisted in the instruction by William of Pahokee and Henry Spellman, III, commissioner of the North Glades District.

Chuck Elliott and James Usher were appointed on a committee to purchase FFA personal stationery. Committee reports were given by Leon Beede, James Usher, Harry Sheppard and Tom Arceneaux. Following the meeting refreshments committee.

Blue Devils Meet 'Chobee 11 Tonite

The Pahokee Blue Devils, with a 4-1 record at the halfway point of the season, will lock horns with the Okeechobee Brahmas on Lair Field here tonight (Friday) in their first contest outside the Suncoast Conference.

Although Coach Jim Young's Brahmas have won only two games to date, they unleashed a vigorous scoring punch in blanking Moore Haven, 32-0, in their opener and almost duplicated their opening performance two weeks ago when they routed the Palm Beach "E" Wildcats, 31-0. They lost two heart breakers by one-touchdown margins to Naples and Venice. Clewiston is the only team that has run over the Brahmas roughshod (40-6) this season, but as Coach Webb Pell points out in warning his rampaging Blue Devils against overconfidence in tonight's contest, Pahokee didn't do so good either against Clewiston in dropping their opener to the Tigers, 7-18.

Pell reports his men only in fair condition for tonight's game, with several players handicapped by colds. The Pahokee coach, a firm believer in teamwork, who likes to see honors go to the dependable "work horses" in a team as well as to the more spectacular "race horses", gave praise in practice sessions this week to the line work of End Donald Waddell and Jimmy Lee Hoyle, who commands respect for the Blue Devil line either at center or guard position. In Hoyle, Coach Pell thinks the Blue Devils have one of the most outstanding line backers in the conference. These two players, and others like them, who receive little public praise but keep in training and can be depended on to do their best in every game, form the sinews of the Blue Devil defense and set up scoring opportunities for the ball carriers, Pell said.

Probable starting line-ups:
Okeechobee Pos. Pahokee
Tankersley LE Waddell
Bennett LT R. Elliott
Hornung LG Herring
Vickers C Hoyle
Robbins RG Hitchcock
Lightsey RT T. Elliott
Raulerson RE Clark
Osceola QB Mills
Bass LH Turbeville
Johns RH Williams
Lowie FB Weeks

Miami-New York Air Traffic Heavy

MIAMI—Air traffic between Miami and New York is the heaviest of any two cities in the world, according to figures released by Northeast Airlines.

These show that in four weeks in 1953—two in March and two in September—the two scheduled airlines flying the route carried 47,933 passengers. Nearest competitor was the New York-Chicago route.

The figures were released by George E. Gardner, part-time Miami who heads Northeast. He is in Miami to seek public support for his bid to take the lucrative Miami-New York run to his company's present routes.

Gardner says the booming tourist business will be better served by competition with the existing schedules of Eastern Air Lines and National Airlines.

Gardner's Northeast Airlines serves New England and points in Canada, linking them with Boston and New York. He contends that extension of these routes into Miami will open a vast new territory with direct connection to feed summer and winter tourists into Miami, providing the only direct link between 32 New England communities and Florida, as well as strengthening the air ties between Miami and New York.

A sharp traffic increase was noted by Pan American Airways in September, a 39 per cent jump in traffic in the Latin American Division.

Miami-Nassau traffic was up 30 per cent for last month.

Cinematic Chatter

By Malcolm Millar

Hello everybody! The was a time when the term "stage struck" was used reproaching young girls who dreamed of going on the stage. Now, says film beauty Phyllis Kirk, a girl really has to be "stage struck" to become an actress on screen or stage. She must be able to undergo the difficult years of training, small roles and frustration most players experience before establishing themselves in the show world. "I was stage struck myself," said the side-eyed Miss Kirk, "and if I hadn't had the intense long-nourished desire to become an actress I would have given up during the bad years when it looked like nothing was ever going to happen to me and my career. I think I first decided I wanted to become an actress more than anything else in the world when I was nine. In high school I lived and breathed drama, and played leads in school shows. After I graduated I went to New York from my home in Elizabeth, N. J." Later she became a canover model, but even the excellent salary she earned posing for magazine illustrators didn't soften her ambition to act. She invested her money in dramatic and dancing lessons. Less than three years after arriving in the big town, Phyllis won a lead in the Theatre Guild's production of "My Name Is Aquilon" after playwright Phillip Barry heard her read a scene from the play. "I am still stage struck," she added. "I think every actress has to be to stay a success once she is lucky enough to achieve it. She must study constantly and fight for good parts. What girl would be willing to do this unless she has fallen in love with acting." How right you are, Phyllis Kirk. See you at the movies—Mal.

From where I sit... by Joe Marsh

Smitty's Not-So-Silent Partner

Dropped into Smitty's gas station last week and met his new partner who turned out to be a real talker.

"What'll it be?" asked Smitty. Before I had a chance to answer I heard a strange voice "Fill her up! Fill her up!" And there was Smitty's partner—one of those parakeets perched next to the gas pump.

"Took me a month," Smitty said, "but I finally taught him to say those magic words. It's sure paid off—he's had a good influence on my customers."

From where I sit, Smitty's bird may be good for business—and may get him a few laughs. But when people act like parakeets, they're not so funny. For instance, those who keep insisting over and over again that their neighbors shouldn't have a glass of temperate beer with their supper now and then. They're simply repeating their own ideas, without any regard for the rights of others.

Defense is your job, too!

THIS IS A DAY OF DREAMS COME TRUE ... for the returning Korean War veterans pressing against the ship's rail and for their loved ones waiting on the dock. The counted days of waiting are over. The nightmare of war is behind them. These boys have been far across the seas doing a hard, dirty, bloody job ... a job of defense—for you.

But defense is your job, too. It is our job to help make America's economy as strong and dependable as these men have made her military power. And your job can be not only easy but rewarding—in financial security for you and your family. Just buy U.S. Defense Bonds. Buy them now and buy them regularly. For your bonds and other forms of saving can make America strong. And in this warring world, *strength* is America's surest guarantee of peace.

So sign up for bonds today—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank. For your security and your country's, too, buy United States Defense Bonds regularly!

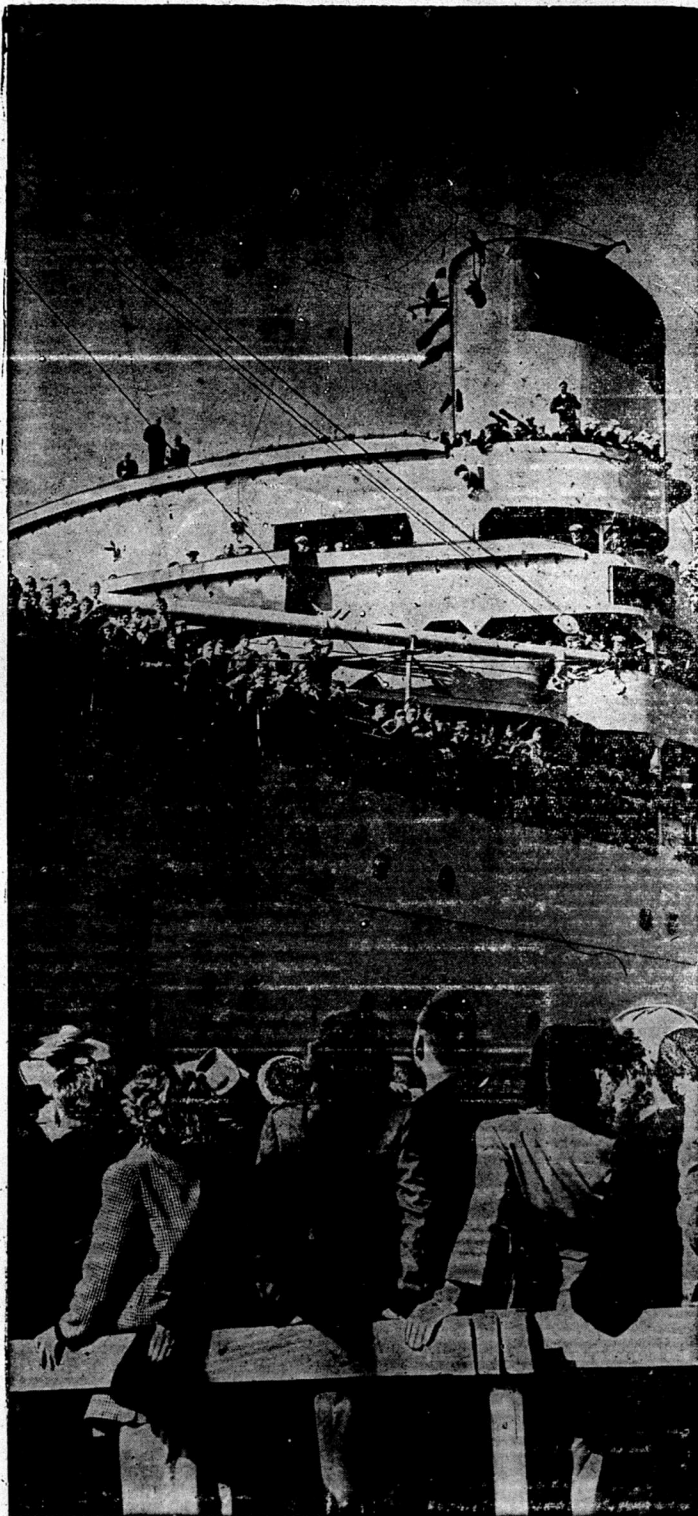

The U. S. Defense Bonds you buy give you personal financial independence

Don't forget that bonds are now a better buy than ever. Because now *every Series E Bond* you own can automatically go on earning interest every year for 20 years from date of purchase instead of 10 as before! This means that the bond you bought for \$18.75 can return you not just \$25—but as much as \$33.33! A \$37.50 bond pays \$66.66. And so on. For your security, and your country's too, buy U. S. Defense Bonds now! Bankers recommend them as one of the safest forms of investment.

Peace is for the strong...
Buy U.S. Defense Bonds now!

Christian Science Group Of Canal Point

The fact that purification of thought and action removes the obstacles to individual growth, progress, and salvation, will be emphasized at Christian Science services this Sunday when the subject of the Lesson-Sermon is "Probation After Death."

Among passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be this one (492:12):

"Being is holiness, harmony, immortality. It is already proved that a knowledge of this, even in small degree, will uplift the physical and moral standard of mortals, will increase longevity, will purify and elevate character. Thus progress will finally destroy all error, and bring immortality to light."

From the Bible the following selections will be read (Philippians 3:13,14):

"Brethren, I count not myself to have apprehended; but this one thing I do, forgetting those things which are behind, and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus."

Coast Liner Talks To Pahokee Rotes

G. P. Lemoyne of Fort Myers, division freight and passenger agent for the Atlantic Coast Line Railroad, was guest speaker at last week's Thursday luncheon meeting of the Pahokee Rotary Club. Introduced by Charles G. Willis, he spoke on "The Meaning of True Americanism."

Plans were made to send delegates to the Rotary district meeting at Fort Lauderdale Nov. 7-9. It was announced that this week's luncheon meeting will be dispensed with in order that Pahokee Rotarians would be able to attend an in-county Rotary meeting in the George Washington Hotel, Oct. 21.

WHICH ONE DO YOU WANT?

you can have your dream house—this easy way!

A dream? Not at all. Thousands of people with modest incomes have been able to save the down payment, or the whole price, of the home of their dreams—because they invested in U. S. Savings Bonds on the Payroll Savings Plan. Look at the chart on this page. See how you can accumulate enough money for the down payment on a home. Or enough for your children's college education or a retirement income. *And by saving only a few dollars a week, too.*

The answer is that you save *systematically* on the Payroll Savings Plan. All you have to do is tell your pay office how much you've decided to save each payday (it can be as little as a couple of dollars). After that your money is saved *for* you, *before* you get your salary. Then each time enough has accumulated, it is invested in a Bond, and the Bond turned over to you.

And remember—your U. S. Savings Bonds now will bring you an average of 3% interest, compounded semiannually, *for 19 years and 8 months*. That's why the money you put into Bonds now *grows* to such a surprisingly big sum.

Why don't you start—today? Sign, where you work, for the Payroll Savings Plan. Or, if you're self-employed, have your banker enroll you in the Bond-A-Month Plan. It's as easy as the Payroll Savings Plan.

How you can reach your savings goal on the systematic Payroll Savings Plan

	If you want approximately		
	\$5,000	\$10,000	\$25,000
Each week for 9 years and 8 months, save...	\$8.80	\$18.75	\$45.00
Each week for 19 years and 8 months, save...	\$3.75	\$7.50	\$18.75

This chart shows only a few typical examples of savings goals and how to reach them through Payroll Savings. You can save any sum you wish, from a couple of dollars a payday up to as much as you want. The important thing is, start your Plan today!

Seacrest Defeated
By Pahokee Squad

The Pahokee Blue Devils racked up three quick touchdowns in the first quarter of the Seacrest game last Friday night, then coasted along until the final quarter when they added another TD just for good measure to clinch their victory over the Seahawks.

Three of the TDs were scored by Halfback Hal Rosenberg in 38, 7 and 85-yard runs, respectively, while Fullback Richard Weeks tore through for 69 yards and the fourth TD, Quarterback George Mills figured in three of the extra points, running on and passing to Ends Chat Clark and Don Waddell for the other two. Jerry Roberts cut through tackle for another extra point.

The Seahawks avoided laying an egg when in the final moments of the game Quarterback Dick Quilen sneaked through center from the Pahokee two to score following a 59-yard Seacrest drive.

Hibiscus Group In
Meeting On Tuesday

Mrs. Don Hillier, president of the Pahokee-Canal Point Garden Club, was hostess to members of the Hibiscus Garden Circle at a circle meeting at the Grassy Waters Motel Tuesday, with Mrs. C. M. Todd, chairman, presiding.

The group voted to spend \$75 on plants to be used in the beautification program for Pioneer Park on Bacom Point Road, a circle project.

It was also voted to cooperate with the Belle Glade Garden Club in a roadside beautification project for the new SR 717, a short-cut highway running parallel to the Lake Okeechobee levee for several miles and connecting with SR 80 near South Bay and Barfield Highway at Pahokee. The plan calls for the planting of royal palms along the roadside the entire length of SR 717, the Belle Glade group to set out the palms along the south stretch of the highway and the Pahokee group, along the north stretch. The Hibiscus Circle has already planted royal palms approximately three miles along Bacom Point Road at the northern end of SR 717 and it was reported royal Palm seedlings now being propagated by the group should be ready for planting sometime next year.

The circle also voted to work with other Glades garden club groups in the proposed beautification of roadsides at the Palm Beach County lines along highways in the Glades area, the Pahokee-Canal Point garden group to do its beautification work at the Palm Beach County-Martin County line on US 441—SR 15 south of Port Mayaca.

In response to a request by the Chamber of Commerce the circle agreed to assist in work of beautifying the community during clean-

up week, Oct. 24-30.

The center of attraction at the meeting was a fall floral arrangement displayed by Mrs. J. M. Elliott, using flowers furnished by Mrs. Annie Merle Carter.
